#21 MOM	44
FATHER'S DAY	
#22 DAD	46
Blank Graph Paper to be reproduced	48

MYSTERY PICTURE DIRECTIONS

EXPLANATION OF ACTIVITY

This graph art activity book is a compilation of holiday pictures which are designed to fit graph paper squares. The child colors in the squares on graph paper according to directions on a direction sheet, and a mystery picture appears.

OBJECTIVES

These activities will help a child improve on:

1. learning how to read a graph
2. transferring a visual image
3. developing fine motor coordination
4. following specific directions
5. concentrating on a task

DIRECTIONS

1. Each child is given a blank graph sheet page and a copy of a directions page (a reproducible graph sheet is at the back of this book).
2. The child should *not* see the answer key picture prior to doing the activity.
3. If the direction says: Color  A6, C11, F2, the child follows up line A and across line 6 with his fingers until they meet on square A6. Then he colors that square half yellow and half orange as indicated on the color key; he does the same to the squares C11 and F2. He should cross out each letter/number as he works. It is helpful to fold back the rows as he works in order to help keep his place.
4. The squares will vary from simple to more complex, i.e.

HELPFUL TEACHING HINTS:

1. The teacher should first provide ample opportunity for the children to try out transferring different shapes on a practice graph paper. Since errors might be made on first attempts, extra graph sheets should be available.
2. Each child's paper should be hidden from others' view while working so that another child will not see the picture before he figures it out himself.
3. The finished product will be most attractive if the child colors solidly with crayons or marking pens, does *not* outline the squares, stays within the lines, and blends together squares of the same color.
4. Designs with the color white should be reproduced on manila paper so that the white will show.

COLOR KEY:			
R = Red	YO = Yellow-Orange	LG = Light Green	T = Tan
PK = Pink	Y = Yellow	B = Blue	W = White
F = Flesh	GD = Gold	LB = Light Blue	GY = Gray

Mystery Picture #1
